

OLIVER 1208

Hand Operated Packaging System >

The 1208's lightweight and compact features make it perfectly sized for your counter! The 1208 hand operated packaging system creates a complete and evenly sealed package suited to paperboard trays making it ideal for any food packaging operation. Tray carriers are simple to load and remove, as well as easy to clean.

Designed for kitchens that produce & package less than 75 meals per day, the 1208 Hand Operated Packaging System is ideal for those packaging even 5 meals per day!

1208 Sealing Machine - Key Features

- ❖ Manually operated, sealing 4-6 packages / minute
- ❖ Seals and cuts film in two easy steps
- ❖ Hot platen self aligns, ensuring complete and even sealing of film to tray
- ❖ Lightweight and compact design
- ❖ Constructed of easy to clean stainless plastic and stainless steel
- ❖ Simple to operate; easy to cross-train employees
- ❖ Uses continuous film rolls, unprinted or random repeat prints
