

13 Micron Film Roll 222 x 445m

SKU 62098

To compliment our range of DualPak and pulp meal trays, we also offer associated sealing films which can be used in conjunction with our tray sealing equipment. Tray sealing films provide a strong and hygienic cover for food trays, while providing an easy to open experience for the consumer. Depending on your needs, we have a variety of sizes available. We recommend piercing film prior to heating to allow for the release of steam.
