

Baking Product Guide

Bake Better...

From beautifully designed baking moulds in a huge variety of sizes and styles to muffin wraps that can be customised and branded, Confoil have your baking needs covered from A-Z!

But beautiful designs are just the beginning... Confoil's extensive baking range is created with all the care you would expect from a local Australian family manufacturer and are made from quality sustainable and environmentally friendly materials.

Environment

Made from 100% parchment paper, our parchment muffin wraps are certified compostable. When a material is compostable, it means that it has the ability to break down completely in under 12 weeks under the right conditions, making it suitable for commercial composting. Under composting conditions the item can be transformed into nutrient rich compost that helps plants to thrive and leaves nothing harmful to the environment behind.
